On behalf of the Caretaker Committee, I wish to inform the University Community and students of the Copperbelt University as follows:

1. Following the clearance of Professor Naison Ngoma by the Caretaker Committee and the subsequent decisions of the Minister of Higher Education, Honourable Dr. Michael L. Kaingu, Professor Naison Ngoma has been called back from his indefinite leave with effect from 28th October, 2015.

2. The Caretaker Committee is appealing to the Copperbelt University Academic Staff who have been on a go-slow to resume their duties.

It is the desire and hope of the Caretaker Committee that teaching and learning activity will resume immediately so as not to disrupt further the current Academic Year which has already been delayed.

The Caretaker Committee wishes the entire University Community peace and stability as all look forward to a return to normal operations.

The report of the findings of the Caretaker Committee regarding the circumstances that led to the stand-off between the Copperbelt University Council and the Copperbelt Academic Union is attached for your information.

Friday C. Ndhlovu
CHAIRPERSON
CARETAKER COMMITTEE

Copy to: Permanent Secretary
         Vice-Chancellor
         Deputy Vice-Chancellor
